

Health & Safety Protocol

1

Masks

We protect each other by wearing masks.

Wearing masks is our #1 weapon to fight this virus and keep school open. Students and staff are required to wear masks on the bus and in school at all times, except while eating lunch and during mask breaks as deemed appropriate by the teacher/school administrator.

5

Transportation

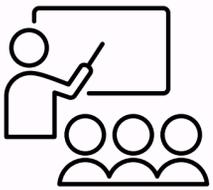

Students riding the bus are required to wear masks and a parent, guardian, or designated adult must be present at the bus stop with the child.

2

Training

Professional development will be provided to all staff at the start of the year on symptoms and screening measures.

6

Hand Washing

Hand washing will be required throughout the day. Additional hand sanitizer will be available in each classroom.

7

Water Bottles

Students will need to bring a water bottle to school. All water fountains will be used only for the purpose of filling water bottles.

3

Quarantine Rooms

Each school will designate an area for students or staff displaying symptoms who are waiting to be picked up or released by school administration.

8

Visits to School

Please limit all visits to school for school-related business as much as possible.

Appointments should be made in advance, and meetings should be held virtually when possible.

All adults will be required to wear masks upon entering the school building.

4

Seating Charts

Seating charts will be required on buses, in classrooms, and in the cafeteria.

9

Stay Home if Sick

Families must screen their children and keep them home if ill. Sick children will be directed immediately upon arrival to the nurse who will require him/her to be picked up if exhibiting symptoms.
