# FAQ's

**How many classes do I need for sports eligibility?**- students need to be enrolled in at least 9 credit hours if taking CCP classes exclusively.

**Can I apply to multiple schools?**- yes, you can apply and take classes at multiple schools but the 30 credit hour/balance still applies as a whole.

**Do all colleges take CCP credit?**- technically CCP credit is only guaranteed to be accepted by State of Ohio public colleges but there have only been a few instances where credit is not accepted.

**If my student is having problems with their CCP class, is there help available?**- students have to seek out help with their CCP classes with the college. The high school does not offer resources for CCP class help since it is not one of our classes. The exception to this is if it is a CCP course taught in the high school by a high school teacher.

**What if a CCP class I want to take interferes with a high school class I want to take?**- if a student wants to take a specific high school class, they have to schedule their college classes around the high school class. The high school does not schedule around college classes.
