

William Henry Harrison High School

Class of 2022

Financial Aid Package: Treat your
education as an investment!

TERMS TO KNOW

- ▶ EFC=Expected Family Contribution (what the government expects you and your family should pay OUT OF POCKET)
- ▶ Subsidized Loan= a loan that does not gain interest as long as you maintain at least half-time status at school...interest begins once you finish/leave school
- ▶ Unsubsidized Loan= a loan that DOES gain interest regardless of your student status. The interest will compound to the principle, thus slowly creating more and more debt if not paid down.
- ▶ Grant= money awarded on a need basis.....does NOT need to be paid back
- ▶ Scholarship= money awarded on a merit basis.....does NOT need to be paid back
- ▶ Work Study= an on-campus job partially funded by the Government. Students are given competitive paying jobs that can help fund their education costs.

 - ▶ Books? Personal Expenses? Room & Board? Transportation?
- ▶ Tuition Payment Plan
- ▶ Independent students have increased Unsubsidized Loan eligibility (an additional \$4,000 for first and second year undergraduate students)
- ▶ Dependent students' parents can borrow the Parent PLUS Loan
 - ▶ Students of parents that are denied PLUS Loans can also borrow the additional unsub of \$4,000 for first and second year undergraduate students)
- ▶ Private Student Loans
- ▶ Choose the most affordable education option that has comparable end results

Paying Back Student Loans

▶ Student Interest Rates for 2020-21

- ▶ Subsidized= 3.73%
- ▶ Unsubsidized= 3.73%
- ▶ Parent Loans= 6.28%

▶ **So for a \$10,000 loan paid over 10 years**

- ▶ Subsidized- \$100/month (a total of \$1,996 in interest paid in addition to the \$10,000 loan)
- ▶ Unsubsidized- \$100/month (a total of \$1,996 in interest paid in addition to the \$10,000 loan)
- ▶ Parent Plus Loan- \$112/month (a total of \$3,491 in interest paid in addition to the \$10,000 loan)

Tips on Paying Off Your Loans Early

- ▶ Only take loans you need!!!! Don't be tempted to splurge with extra/overage \$\$\$\$. It will cost you in the long run!
- ▶ Pay on loan while still in school- you will have to get this payoff information from your loan company but it can be done ($\$100/\text{month} = \$1,200/\text{year} = \$4,800/4 \text{ years.}$) It adds up!
- ▶ Pay extra on your loan payments each month- If you paid an extra $\$100/\text{month}$ on a $\$10,000$ loan....with 3.73% interest, you would pay off your loans 5.5 years quicker and pay $\$1,111$ LESS in interest!!!
- ▶ Pay extra lump sum payments (graduation money, tax returns, bonuses, etc)- If you made a one-time lump sum payment of $\$2,000$ on a $\$10,000$ loan....with 3.73% interest, you would pay off your loan 2 years quicker and pay $\$584$ LESS in interest!!!! Just think if you did that every year with a tax return, birthday money, etc.....
- ▶ Refinance your loans, if an option, to combine them and lock them in at a lower rate.
