Course Upgrade _____ Recommended Course _____

Each year teacher, guidance counselors and administrators make recommendations for scheduling each student’s classes based upon the prior academic performance, test scores, attendance, behavior, and motivation. In some cases a student or parent/guardian contest the school’s recommended course and may choose to PETITION FOR A COURSE UPGRADE, to allow the students to take a more rigorous or challenging course. The following information will help with the potential upgrade process. It is the responsibility of the parent/student to gather and provide the documents to the guidance office. Students who do not have parental/guardian support in this matter will need to provide two teacher recommendation signatures. Students will need to meet the provided requirements to be considered for this course upgrade. All information can be found on ABRE and Progress book.
