Dear Parents or Guardians of Incoming 7th grade students,

The Ohio Department of Health requires all incoming 7th grade students to show written documentation of a of tetanus, diphtheria and pertussis (**Tdap**) booster AND Meningococcal Vaccine (**MCV4**). One dose of Tdap and one dose of Meningococcal (Serogroup A and Y) vaccine must be administered on or after the child's 10th birthday.

If your child has already received these immunizations, please supply the school with the exact date it was administered along with the physician's signature OR your child's vaccine record. If your child has not received the vaccines, they must receive it before entering the 7th grade for the 2026-2027 school year. These forms need to be submitted before the first day of school, if not your child will not be permitted to start school.

The forms can be faxed to school at 513.367.0370, mailed to school, or emailed to Lisa.Kinnett@southwestschools.org. If you have any questions or concerns, please contact school.

Thank you for your timely response to this important matter.

Lisa Kinnett, RN
Harrison Jr School Nurse
