SOUTHWEST LOCAL SCHOOL DISTRICT INTERNET/ACCEPTABLE USE POLICY FOR STUDENTS

The Southwest Local School District offers students internet / network access and the use of the District computers, as well as the ability to bring their own device and access the Internet. The district may issue student email accounts. We are dedicated to access and support of appropriate technology which unlocks our potential and connect us locally and worldwide.

Individuals are warned that some material accessible via the network or the Internet might contain items that are inaccurate, inappropriate or potentially offensive to some persons. While the district's intent is to make internet access available to further educational goals and objectives, students may find ways to access other materials as well. We believe that the benefits to the students from access to the Internet, in the form of information resources and opportunities for collaboration, exceed any disadvantages. Proper teacher supervision will be provided; however, it is still the responsibility of each student to make appropriate choices. The Internet access will be filtered through a firewall that is provided by HCCA. Ultimately, parents and guardians of minors are responsible for conveying the standards that their children should follow when using media and information sources and upholding the Internet /Network Acceptable Use Policy for Students.

The purpose of this agreement is to provide network and internet access for educational purposes. The intent of the policy is to ensure that students will comply with all network and internet access acceptable use regulations approved by the district and in accordance with the Student Code of Conduct. If this form is not returned to the building within 2 weeks of receipt, then student network privileges will be denied.

Upon reviewing, signing and returning this policy, each student will receive internet and network privileges with the district. If the student is under 18 years of age, the student must have his or her parent(s) or guardian(s) read and sign the policy as well. The district will not provide access to any student who has not returned an appropriately signed Internet/ Acceptable Use Policy for Students.

Following are the provisions of this policy regarding computer internet and network access. If any user violates the terms and/or provisions of the policy, the user's access will be denied and the person may be subject to further disciplinary action in accordance with the Student Code of Conduct and/or Board policies and this may affect their class grade.

In exchange for the use of the network resources and access to the internet while on school property, I understand and agree to all of the following:

A. Use of the network and the internet is a privilege which may be revoked by the district at any time. Any misuse of this privilege will result in suspension of the account privileges and/or other disciplinary action as determined by the district. Misuse shall include, but is not limited to, the following:

- Altering of system software.
- Use of obscene language.
- Placing of unauthorized information, computer viruses or harmful programs on or through the computer system in either public or private files or messages.
- Intentionally seeking information on, obtaining copies of, or modifying files, or other data or passwords belonging to other users.
- Misrepresenting other users on the network.
- Disrupting the operation of the network through abuse of the hardware or software.
- Utilizing the network maliciously through hate mail, harassment, profanity, vulgar statements or discriminatory remarks.
- Interfering with other use of the network.

- Using the network extensively for non-educational related communication.
- Illegally installing copyrighted software.
- Unauthorized downloading, copying, or use of licensed or copyrighted software.
- Allowing anyone to use an account other than the account holder.
- Intentionally damaging computer systems.
- Using another's password.
- Trespassing in another's folder, work or files which may be in violation of conditions dealing with students' and employees' rights to privacy.
- Reposting (forwarding) personal communication without the author's prior consent.
- Using the network for financial gain, for commercial activity or for any illegal activity.
- Using the network / internet in an inappropriate manner not consistent with valid educational goals.
- Using the network in furtherance of or violation of the Student Code of Conduct.
- Using the network to access social networking sites or blogs.

B. The district maintains rights to any materials stored in files which are accessible to others and will remove any material which the district, at its sole discretion, believes may be unlawful, obscene, pornographic, abusive, and otherwise objectionable. Students will not use their district computer accounts/access to obtain, view, download, or otherwise gain access to such materials.

C. All information, services and features contained on district or network resources are intended for the private use of its registered users and use of these resources for commercial, for profit or other unauthorized purposes (i.e. advertisements, political lobbying), in any form is expressly forbidden.

D. The district and/or network resources are intended for the exclusive use by the registered users. The user is responsible for the use of his or her account/password and/or access privilege. Any problems which arise from the use of a student's account are the responsibility of the account holder. Use of an account by someone other than the registered account holder is forbidden and may be grounds for loss of access privileges.

E. The district does not warrant that functions of the system will meet any specific requirements that user may have, or that it will be error-free or uninterrupted; nor shall the district be liable for any direct or indirect, incidental, or consequential damages (including loss of data, information, or time) sustained in connection with the use, operation, or inability to use the system.

F. The student may not transfer file(s), shareware, or software from information services and electronic bulletin boards. Without such permission, the student will be liable to pay the cost or fee of any file, shareware, or software transferred, whether intentional or accidental. In addition, the student will be liable to pay the cost of any repairs and/or additional programming required as a result of transferring file(s), shareware, or software from information services and electronic bulletin boards.

G. The use of Southwest Local School District owned information technology and the internet is not private. Network and internet access is provided as a tool for educational purposes. The district reserves the right to monitor, inspect, copy, review, and store at any time, without prior notice, any and all usage of the computer network and internet access and any and all information transmitted or received in connection with such usage. All information files shall be and remain the property of the district and no user shall have any exception of privacy regarding such materials. Administrators reserve the right to examine, use and disclose any data found on the school's information networks in order to further the health, safety, discipline or security of any student or other person or to protect property. Administrators may also use this information in disciplinary action and will furnish evidence of a crime to it.

H. The district makes no warranties of any kind, either express or implied, in connection with this provision of access to and use of its computer network and internet under this agreement. The district shall not be responsible for any claims, losses, damages, or costs (including attorney's fees) of any kinds suffered,

directly or indirectly, by any user or his or her parent(s) or guardian(s) arising out of the users' use of the district's computer network / internet under this agreement. By signing this agreement, users and/or their parent(s) or guardian(s) are taking full responsibility for usage and are agreeing to indemnify and hold the district, the data acquisition site, and all administrators, teachers and staff harmless from any and all loss, cost, claims or damages resulting from the user's access to the computer network / internet, including but not limited to, any fees or charges incurred through the purchase of goods or services by the user. The user, or if the user is a minor, the user's parent(s) or guardian(s), agree to cooperate with the district in the event the district initiates an investigation of a user's use of his or her access to the computer network and the internet, whether that use is on a school computer or a computer outside the district network.

I. Users may be asked from time to time to provide new or additional registration and account information, which shall be provided by the user if he or she wishes to continue to receive access services.

ARRIVAL/DEPARTURE OF STUDENTS

School hours are as follows:

Grades 1 - 5	-	9:10 AM	to	3:40 PM
AM Kindergarten	-	9:10 AM	to	11:55 PM
PM Kindergarten	-	12:55 PM	to	3:40 PM

Walkers, car riders and bike riders are not to arrive at school prior to 8:40 AM in the morning. If circumstances warrant arrival prior to 8:40 AM, arrangements should be made by the parents with Latch Key, a sitter, etc. At dismissal, students are to leave school promptly unless they are participating in school - sponsored activities; activities provided by service organizations (scouts, brownies, etc.); or arrangements have been made with teachers or administrators. The playground area is to be vacated. Parents and students should use the crosswalk at Washington. Parents are responsible for the safety of your child to and from school property.

Parents of bus riders are responsible for the safety of your child to and from the bus stop.

ASSEMBLIES

Assemblies are planned throughout the year to broaden each child's educational experiences and to develop self-discipline in large groups.

ATTENDANCE

STUDENT ABSENCES/TRUANCY

STUDENT ABSENCES AND EXCUSES

Regular school attendance is very important. In many cases, irregular attendance is the major reason for poor schoolwork; therefore, all students are urged to make appointments, do personal errands, etc., outside of school hours.

Reasons for which students may be medically excused include but are not limited to.:

1. Personal Illness of the student.
2. Illness in the student's family necessitating the presence of the child.
3. Quarantine for contagious disease.
4. Emergency or other set of circumstances in which the judgement of the Superintendent constitutes a good and sufficient cause for absence from school, which may include but not limited to absences due to documented medical, behavioral, or dental appointment.

Reasons for which students may be nonmedically excused include, but are not limited to:

1. Needed at home to perform necessary work directly and exclusively for parents or legal guardians for a limited period of time when approved in advance by the Superintendent (applies to students over 14 years of age only when all statutory obligations have been met for such excusal).
2. Death in the family (applies to absences of up to 18 school hours unless a reasonable cause may be shown for a longer absence).
3. Observance of religious holidays consistent with the truly held religious belief of the student or the student's family.
4. Traveling out of state to attend Board-approved enrichment activity or extracurricular activity (applies to absences of up to 24 school hours).
5. College visitation
6. Pre-enlistment reporting to military enlistment processing station.
7. Absences of a student of a military family for purposes of visiting their parent, legal guardian, or custodian who is an active duty member of the uniformed services that has been called to duty for, is on leave from, or immediately returned from deployment to a combat zone or combat support posting.
8. Absences due to a student's placement in foster care or change in foster care placement or any court proceedings related to their foster care status;
9. Absences due to a student being homeless.
10. As determined by the Superintendent.

The District makes an attempt to contact the parent, guardian, or other person having care of a student who has not notified the school of student's absence that day regarding that student's unexcused absence within 120 minutes of the start of the school day. The Board authorizes the Superintendent to determine and use the appropriate notification procedure and methods consistent with State law.

Each student who is absent must immediately, upon return to school, make arrangements with his/her teacher(s) to make up work missed. Students who are absent from school for reasons not permitted by State law may, or may not, be permitted to make up work. Each case is considered on its merits by the principal and the respective teacher(s). Students who are absent due to an in-school or out-of-school suspension are permitted to make up missed classroom assignments in accordance with District level policies and procedures. Student are requested to bring a note to school after each absence explaining the reason for the absence or tardiness in accordance with procedures and timelines defined in District level policies and procedures.

The Board does not believe that students should be excused from school for vacations or other nonemergency trips. The responsibility for such absences resides with the parent(s), and they must not expect any work missed by their child to be retaught by the teacher. If the school is notified in advance

of such a trip, reasonable efforts are made to prepare a general list of assignments for the student to do while he/she is absent.

The Board authorizes the Superintendent to establish a hearing and notification procedure for the purpose of denying a student's driving privileges if that student of compulsory school age has been absent without legitimate excuse for more than 60 consecutive hours during a school month or a total of at least 90 hours during a school year.

COUNSELOR REFERRALS

Parents or administrators may refer students to the school counselor. Students may refer themselves also. Parents who wish to refer their child may do so by calling the counselor at 367-4161 and providing appropriate background information.

CHILD ABUSE AND/OR NEGLECT

Any employee of the Southwest Local School District having reason to believe that a child less than eighteen (18) years of age or any crippled or otherwise physically or mentally handicapped child under twenty-two (22) years of age has suffered any wound, injury, disability or other condition of such a nature as to reasonably indicate physical, sexual or emotional abuse or neglect of the child shall immediately report such information to the building principal.

After reporting the information to the principal, the employee shall then report the same information to the Children's Services Board (241-KIDS) or to the municipal or county law enforcement agency. The principal shall on the same day, file a written report with the Superintendent or his/her designee concerning the matter. The report, which can be anonymous, shall be made immediately by telephone or in person, and shall be followed by a written report, if requested, by the agency. Such a report shall contain:

1. names and address of the child and his/her parent(s) or person(s) having custody of the child.
2. the child's age and nature and extent of the injury, abuse or neglect, including any evidence of previous injuries, abuse or neglect; and
3. any information which may be helpful in establishing the cause of the injury, or abuse or neglect.

The principal may take or cause to be taken color photographs of areas of trauma visible on a child.

Any report made as a result of this policy and Ohio Revised Code section 2151.421, shall be maintained as confidential and available only to the person making the initial complaint, administrator filing the report, superintendent of schools, board of education, and legally constituted authorities entitled to said report pursuant to section 2151.421 of the Ohio Revised Code.

Procedures for reporting will be made known to the school staff. A person who participates in making such reports is immune from any civil or criminal liability provided the report is made in good faith.

Each person employed by the Board to work as an elementary school nurse, teacher, counselor, school psychologist or administrator shall complete at least four hours of in-service training in child abuse awareness training.

CHANGE OF ADDRESS/PHONE

Update changes immediately on Final Forms. It is important to keep this information current, especially in the event of an emergency. A change of address/phone form must be completed and given to District Office for all changes to be made.

PARENT-TEACHER CONFERENCES

Parent-Teacher Conferences are scheduled twice a year. The dates are for Fall 9/23/25, 9/25/25, 2/24/26, 2/26/26. A Sign-Up GeniusLink will be sent prior to these dates.

FEES

All students in K - 5 have a school fee set by the Board of Education, which is used to purchase educational materials and other items used by each student. The fee for school year 2025-2026 is \$75.00 (\$65.00 fees, and \$10.00 technology fee). Payments can be made online using the Parent Portal at <https://mywildcats.me> or at PayForIt.net. Payment may also be made at the front office by cash or check, make checks payable to Southwest Local School District.

FIELD TRIPS

During the year, a field trip may be scheduled in order to supplement the regular educational program and give students first-hand experiences in topics discussed in the classroom. To insure proper supervision, only adult non-siblings (no brothers or sisters) may chaperone students. Also, adults who are accompanied by children who are not in the classes taking the field trip may not chaperone.

When field trips are taken, the following regulations apply:

- I. Unauthorized Passengers
 - A. Preschool age children or unauthorized passengers cannot be permitted on a field trip. This includes chaperone's youngsters, coaches' sons, teachers' children, etc. The only people that should be on the bus are the children the trip was requested for, the chaperones, the teachers and the driver. The driver is not permitted to have unauthorized passengers.
- II. Chaperones and Sponsors - Rules and Guidelines
 - While we appreciate and encourage chaperones and volunteers, the safety of children is of the utmost concern. Therefore, the following rules and guidelines have been developed.
 - The tear-off at the bottom of the chaperone letter must be completed, signed, dated and returned in order to chaperone on field trips.
 - A. Remain with assigned child/children at all times.
 - B. Follow directions, instructions, and requests of teacher in charge of group or class.
 - C. Be prompt and punctual with time frames, schedules, etc.
 - D. Students acting out or demonstrating inappropriate behavior should be referred to the teacher in charge of group or class.
 - E. No diversions from the planned field trip experiences are to be undertaken without permission of the teacher in charge of the group or class.
 - F. Alcoholic beverages are prohibited.
 - G. Smoking is discouraged.

- H. There must be at least one but not more than two chaperones on each trip. The faculty sponsor must be present before any passenger boards the bus. They should supervise the loading and unloading of the bus upon departure and returning.
- I. In order to ensure proper supervision, only adult non-siblings (no brothers or sisters) may chaperone students. Also, adults who are accompanied by children who are not in the classes taking the field trip may not chaperone.
- J. Responsibility of student behavior rests upon the school sponsor and chaperones on an extra-curricular trip. Only in difficult situations should the bus driver be concerned with student control.
- K. Only adults who have read, signed, dated and returned the Field Trip Chaperone and Sponsors Rules and Guidelines Form may supervise students during a field trip. Chaperones are not permitted to ride school transportation to field trips and must agree to provide their own transportation.

Failure to comply with these rules and guidelines may prohibit a person from chaperoning any future field trips.

- L. Teachers, please fill out a field trip checklist to make the process smoother.

III. Student Behavior

A. Extracurricular trips are more informal than regular school trips. However, the primary concern is the same - - SAFETY. Order and discipline are absolutely necessary.

- 1. Students are to remain seated when the bus is in motion and observe reasonable conduct.
- 2. Silence is necessary at all railroad crossings.
- 3. Food or drinks cannot be consumed on the bus.

B. Students who do not exhibit behavior aligned with our code of conduct are subject to being picked up by an approved contact and removed from the field trip.

IV. Permission

A. Students going on a field trip must have a signed permission slip to participate. All students will remain with their class during the trip. If transportation is necessary, the student must ride the bus with the class.

FIRST DAY OF SCHOOL

Students are helped by adults who are assigned to the entrances to help get the student to his/her room. At the end of the day helpers are also available to make sure everyone gets on the proper bus.

If your child goes to a sitter, please be sure the sitter's phone number is on the enrollment card and note that it is the sitter. Please be sure the child knows both the first and last name and address of the sitter.

GRADING SCALE/PROMOTION/RETENTION

In the elementary grades, promotion to the next grade or group is based primarily upon teacher judgment and recommendation except as indicated below. Teacher decisions are subject to review by the principal and superintendent. The legal authority for the assignment rests with the superintendent. However, the superintendent may delegate this authority to the principal. The primary consideration shall be what is best for the child. All cases of non-promotion should be discussed with the child's parents prior to the end of the year.

In the grades K-2, which do not assess student performance by using a letter grade system (A-F),

promotion/retention is based on teacher recommendation. In grades 3-5, a failing grade (F) in two of the core subject areas (Mathematics, Reading, Language Arts) or an F in one core subject and reading below grade level initiates a discussion of the possibility of retention. A committee consisting of the

classroom teacher, the principal, and other persons with information relevant to the child's progress, i.e., tutor, psychologist, will be notified and will have input in the discussions.

This policy prohibits the promotion of a student to the next grade level if the student has been truant for more than ten percent of the required attendance days of the current school year and has failed two or more of the required curriculum subject areas in the current grade unless the student's principal and the teachers of any failed subject agree that the student is academically prepared to be promoted to the next grade level.

Criteria used to determine promotion/retention will include, but not be limited to the following:

- A. Overall grades
- B. Teacher and principal recommendations based upon:
 - 1. Test results (teacher made, company produced, Ohio Department of Education test materials, curriculum-based assessments and standardized tests)
 - 2. Mastery of pupil performance objectives
 - 3. Student attendance
- C. Grade Scale
The following grade scale will be utilized for all students in grades 3-12.

Letter Gr.	%
A+	98-100

HOMEWORK POLICY

The staff and administration of Harrison Elementary School recognizes the importance of homework as a means of providing students with necessary practice and appropriate opportunities to demonstrate the acquisition and mastery of concepts and skills that are taught in the classroom. We also recognize and value the importance of parental awareness and participation in the homework

process. With these thoughts in mind, the following homework policy has been adopted in grades one through five.

Teachers are cognizant of the role work habits play in assessing homework and in administering grades. While evaluating student knowledge and command of subject matter is of prime importance in assessing homework, work habits and responsibility (or lack thereof) cannot be ignored and must be considered.

In all grades, parents are encouraged to arrange a scheduled time and place each night for homework completion. Parents are also encouraged to check the quality of the work. In grades three, four and five, students will be given plan books in which to write all assignments. It is the responsibility of the parent to check the plan book and initial it acknowledging receipt.

Our goal is for all students to complete and return quality assignments punctually. When students accomplish this task, teachers will assure that a maximum of thirty (30%) percent of the final grade is homework related while the rest of the final grade consists of in-class work.

A student who does not demonstrate a willingness or determination to satisfactorily complete assignments will be considered in violation of Student Conduct Code #10 which prohibits disregard of directions or commands by school authorities including school administration, teachers, and non-certified staff. A student who engages in this type of conduct may be subject to disciplinary action including expulsion, suspension, emergency suspension or removal from curricular or extra-curricular activities.

As in all cases, student discipline is progressive and in accordance with the Harrison Elementary School Discipline Plan.

MAKE-UP WORK POLICY

Parents are discouraged from taking students out of school for reasons other than illness, death in the family or other emergency circumstances. When a student returns to school from an absence, the teacher will determine the work to be made up and the amount of time for completing the assignments.

LIBRARY

Students will be scheduled for the library once each week.

LOST AND FOUND

Students turn items they find into the lost and found. Unclaimed items are periodically sent to charitable organizations.

LUNCH/BREAKFAST PERIOD

Research has shown that starting the day with a nutritious breakfast helps students stay alert and perform better in school. Southwest Local School District offers breakfast at all school buildings! We begin serving thirty (30) minutes before the start of school EVERY day! Elementary school breakfast is \$1.00. Free or reduced (\$0.30) priced breakfast is available to those who qualify. Students have the option of either purchasing a hot lunch from school or they may bring a packed lunch from home. All students are expected to eat lunch, and it is to be consumed in the cafeteria with their class. Students may choose three of five items or take all five on the menu. Example: Sandwiches count as two items, bread and meat; pizza is two items, bread and cheese. Dessert does not count as one of the three. This fulfills the government regulations for us to continue to receive the government food at low cost. Proper manners are expected while eating so everyone may have an enjoyable lunch period.

Each student (GR. 1 – 5 and full time Kindergarten classes) are scheduled for a 45-minute lunch period which includes 20 minutes to eat and 25 minutes for recess. Students are not allowed to leave the school grounds during the lunch period. Just before school reopens, a notice is published in the

local newspapers with the cost of lunch, breakfast, and milk. The first school bulletin will also have this information.

Lunch \$1.90/ Breakfast \$1.00/ Milk .50

There are free and reduced lunch programs available for those who qualify. A form is sent home at the beginning of school. However, you may apply for these programs at any time during the school year. Breakfast is available for all students from 8:40 until 9:00 AM unless the child arrives on a late bus.

Noon recess is a time when students learn to play and socialize with other students in a non-structured environment. They must learn to play safely and fairly. Also, children must have clothing appropriate for outside play. Recess is inside if there is any precipitation or if the temperature would make it uncomfortable for the students.

Charges for meals or milk are permitted for students who occasionally forget or misplace their money. We ask that charges be repaid the following school day. Charge notices will be sent home weekly. Students who do not repay charges on the following school day will be allowed a MAXIMUM of 4 charges (or the dollar equivalent of 4 lunches). **After the fourth charge a parent will be notified by a phone call.** Any student, who has accumulated 4 charges and is sent to school with no money for lunch and no packed lunch, will be asked to call their parent to bring a lunch. If no lunch is provided by the parent, we will offer peanut butter and crackers and a milk to the student and will charge the price of a milk to the students' cafeteria account.

REGISTRATION

Registration for all Southwest Schools for Kindergarten – 12th grade is done at the District Office currently located at the 10800 Campbell Road, Harrison, OH 45030. Go to the district website and follow the link for Student Registration for details. Please call 513-367-4139 to schedule an appointment after online registration is complete to finish enrolling your student. You will be required to show a birth certificate, proof of residency and proof of custody/guardianship if applicable as well as a copy the current report card for students in kindergarten – 8th grade. Students do not need to be present when you come to register.

It is important for students who are in grades 9-12 to bring an unofficial copy of their transcripts. When your registration is complete, you will need to have an appointment with a guidance counselor to schedule courses. The guidance counselor will need to see a transcript in order to assign a student to appropriate classes. The lack of a transcript could delay this process.

REPORTING TO PARENTS

- In grades K - 5, report cards are available every nine weeks.
- Report cards are electronically and can be accessed through Progress Book.
- Periodic conferences may be set up during the year with teachers, when it is thought to be necessary, by calling the school office.
- Formal parent-teacher conferences are scheduled twice each school year - once in fall and once in spring. Parents are encouraged to attend these conferences to stay abreast of developments in your child's education.
- Reports or notes recognizing growth or accomplishments are sent home periodically.
- Midterm progress is reported to parents at the middle of each quarter.
- When circumstances warrant, teachers or administrators will contact parents regarding serious situations, altercations, etc. at school that students have been involved in.

SCHOOL CLOSING

On days when it is found necessary for school to be delayed or cancelled, listen for information concerning "Southwest Local Schools" over all major radio stations. Please refrain from calling the school or any school employee.

Parents are reminded that on days when the opening of school is delayed two hours, morning kindergarten is cancelled. Also, when an early dismissal does occur, afternoon kindergarten classes will begin at 12:00 and end at 2:45 P.M. This is necessary in order to comply with state minimum standards as they pertain to length of an official school day.

SIGNING OUT STUDENTS

Parents who come in to pick up a child during the school day must sign them out in the office before the child may leave as well as show a legal picture I.D. (driver's license or passport). If another person is to pick up your child, a note must be sent in or a phone call to the main office may be made. It is important that parents bringing or picking up students utilize parking in the parking lot. The traffic on the school drive behind the building is reserved for buses only.

After arriving on school property students are not permitted to leave the school grounds without permission of the administration.

SPECIAL EDUCATION/IAT PROCESS

The Southwest Local School District, along with other school districts across the State of Ohio, is participating in an effort to identify, locate and evaluate all handicapped children between the ages of 0-21. By handicap, we mean conditions such as: hearing impairment; visual impairment, speech or language impairment; learning disabilities; behavioral, multiple or severe handicaps; mental retardation and other health impairments.

Many handicapped children are not visible because they function in the mainstream. If you know of a handicapped child, please contact your building principal or Kiersten Rogers, Director of Special Services at 367-4139.

Students who are having trouble in any are (academic, behavior, speech, motor skillsetc.) will be recommended to the Intervention Assistance Team (IAT). This group of professionals will meet with the parents to discuss strengths, concerns and strategies to help the child. All children will be referred to the IAT before any testing of a suspected disability will take place.

TAG/ELEMENTARY ENRICHMENT

The Southwest Local Board of Education recognizes the right of all students to a program of educational experiences which provides opportunities for development of intellectual and creative talents to the full extent of their capabilities. Our educational programs are designed to encourage student academic self-discipline, intellectual curiosity, problem-solving strategies and a willingness to assume responsible leadership roles.

Our students are placed in our academic and non-academic programs based on their interests, needs and aptitudes in an effort to maximize student achievement. Placement and grouping decisions are made by a team of educators on the basis of objective criteria using a variety of assessment tools.

Academic extensions in the area of language arts are provided by classroom teachers at the primary level. Those extensions focus on: composition, beginning research, literature appreciation and communication skills.

At the intermediate level, the Talented and Gifted Program (TAG) will foster higher level thinking and self-development processes. Through a variety of instructional and organizational approaches, it included provisions to challenge students through a multi-dimensional teaching approach. Refer to the Gifted Education link on the Southwest Local School website for more information.

TEXTBOOK/WORKBOOK RESPONSIBILITY

Please stress with your child/children their responsibility for these materials. Fines will be assessed for those that are damaged or lost.

DRUG AND ALCOHOL DISCIPLINE POLICY

The Southwest Local Schools Board of Education recognizes that the use of illicit drugs and the unlawful possession and use of alcohol is wrong and harmful.

At the beginning of each school year, each student and his/her parent/guardian will be given a copy of the standards of conduct and a statement of disciplinary sanction that are required during the orientation process. These standards notify parents, guardians and students that compliance with these standards of conduct is mandatory.

Any student found in possession of or under the influence of drugs and/or alcohol at school, at a school, at a school sponsored event, or on a Board operated transportation vehicle will be immediately suspended from school for 10 days and recommended for expulsion.

Students who are first time offenders and who appeal their expulsion recommendation must bring the results of an assessment from a Southwest Local School District approved drug and alcohol specialist/agency/facility to the expulsion hearing. These materials and the student's and parents' plan to prevent future problems will be reviewed by the Superintendent or designee and a determination will be made as to whether the student should be allowed back to school after completion of his/her suspension. Any student who does not completely comply with the recommendations of the drug and alcohol assessment and the school administration will be expelled from school for the duration of his/her expulsion recommendation.

DANGEROUS WEAPONS

The Board is committed to providing the students of the Southwest Local School District with an educational environment which is free of the dangers of firearms, knives and other dangerous weapons in the schools.

The definition of a firearm shall include any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; the frame or receiver of any such weapon; any firearm muffler or firearm silencer; or any destructive device (as defined in 18 U.S.C.A. Sections 921-924.), which includes but is not limited to any explosive, incendiary, or poisonous gas; bomb, grenade, or rocket having a propellant charge of more than four ounces; missile having an explosive or incendiary charge of more than one-quarter ounce, mine or device similar to any of the devices described above.

Students are prohibited from bringing a firearm on school property, in a school vehicle or to any school-sponsored activity. If a student brings a firearm on school property, in a school vehicle or to any school-sponsored activity, the Superintendent shall expel this student from school for a period of one calendar year. Any student who possesses a firearm, which was initially brought onto school property by another person, may be expelled by the Superintendent, at his/her discretion. In addition, the Superintendent shall notify the appropriate criminal justice or juvenile delinquency authorities. Any expulsion shall extend, as necessary, into the school year following the school year in which the incident occurred. The Superintendent may reduce this requirement on a case-by-case basis in accordance with State Law. Reasons for such reduction would include, but not be limited to, the expiration of the year occurring near the beginning of a school year, the nature of the weapon, manifestation of a student's disability, and other mitigating circumstances.

Students are also prohibited from bringing a knife to or possessing a knife (which was initially brought by another person) onto school property, in a school vehicle or to any school-sponsored

activity. The definition of a knife includes but is not limited to a cutting instrument consisting of a sharp blade fastened to a handle. If a student brings a knife on school property, in a school vehicle or to any school-sponsored activity, the Superintendent may expel the student from school, with the same expulsion implications as noted above.

Students who possess or use other dangerous weapons, which are defined but not limited to metal knuckles, straight razors, explosives, nervous irritation or poisonous gases, poisons, drugs or other items possessed with the intent to use, sell, harm, threaten or harass students, staff members, parents or community members, may be subject to expulsion.

DETENTION POLICY

A supervised after school detention program has been instituted at Harrison Elementary. In the event your child would need to be detained after school, you will be notified in advance. The parent is responsible for transportation at the end of the detention period.

DRESS CODE - STUDENT

In a society of many diverse students, there is a need for guidelines for student dress. These guidelines will provide the student body with the parameters of acceptable dress in our school. Listed below are the guidelines for the Southwest Local School District:

1. The building administrator(s) will determine the appropriateness of dress.
2. Clothing and accessories that could be interpreted as promoting hate or communicating a negative, profane, or vulgar message are not permitted. Additionally, jewelry and accessories that pose a safety concern for the student or others are not acceptable.
3. Undergarments should not be visible. Tops that expose the midriff or chest, tank tops, mesh tops, and shirts with no sleeves are not acceptable. Pants, shorts and skirts must be worn at the waist level.
4. No head coverings (hats, bandanas, hoods, etc.), or gloves should be worn during the school day.
5. No oversized coats are permitted during the school day.
6. Shorts, skirts, and dresses should reach to a length of mid-thigh or lower and not be overly revealing.
7. Footwear should be safe for the learning environment.
8. Clothing with references to weapons, alcohol, drugs, tobacco, profanity and/or sex is not permitted.
9. Flip-flop sandals are not permitted due to the safety issue they present.
10. Shoes with built-in wheels are not permitted.

In judgmental situations it should be emphasized that the building administrator will have the final determination of the appropriateness of dress.

Students in grades K - 5 are required to wear gym shoes for physical education classes. No sandals, flip-flops or backless gym shoes.

When students go on field trips, the dress is decided by the teacher and students. However, appropriateness is still the guiding factor.

A clean and neat appearance helps to develop a positive attitude and promotes the idea that school is a place of work.

***Exceptions to these dress code items for religious reasons should be brought to administration at the beginning of the school year by parents and will require written documentation.

All students must always follow district guidelines/policies regarding face coverings. Please communicate with your student's building administration team for specific guidelines/policies.

ELEMENTARY TESTING

Each year our students in kindergarten through grade five participate in a wide variety of assessments. These include screenings and diagnostic/achievement testing. The grade levels assessed, and the subject areas identified for testing at each grade level are determined by the state and federal directives. As legislation changes from year to year, the testing schedule varies from one school year to the next.

Each year, we will identify in our newsletter the dates and grades where testing will occur and the subject areas assessed.

2. Declare that lockers/desks are the property of the Board of Education and these lockers/desks and the contents thereof are subject to search at any time if there is a reasonable suspicion that any locker/desk or its contents contains evidence of a violation of a criminal statute or a school rule.

3. Search at any time the locker/desk and contents thereof of any pupil if an emergency situation exists or appears to exist that immediately threatens the health or safety of any person, or threatens to damage or destroy any property under the control of the Board and if a search of lockers/desks and the contents thereof is reasonably necessary to avert the threat or apparent threat.

VIOLENT, DISRUPTIVE OR INAPPROPRIATE BEHAVIOR

The Board of Education of the Southwest Local School District has adopted a resolution for establishing zero tolerance for violent, disruptive or inappropriate behavior. The resolution is:

Resolution Establishing Zero Tolerance for Violent Disruptive or Inappropriate Behavior

WHEREAS, it is the goal of the Board of Education of the Southwest Local School District to create, maintain and foster an academic atmosphere conducive to the education of the district's students;

AND WHEREAS, students who engage in violent, disruptive or inappropriate behavior undermine that goal;

NOW, THEREFORE, it is hereby resolved that the Southwest Local School District shall hereby institute a policy of zero tolerance for violent, disruptive or inappropriate behavior on the part of any student. Any student who engages in said conduct shall be subject to the disciplinary procedures set forth in the student code of conduct for violations of that code.

Violent behavior shall be defined as any behavior or act on the part of the student, either on or off schools grounds, which causes, or has the potential to cause physical injury to any other person. Disruptive behavior shall be defined as any behavior by a student, either on or off school grounds, which causes a disruption in the good working order and educational mission of the school or any connected school activity. Inappropriate behavior shall be defined as any behavior by a student, which is the sole discretion of the appropriate school official, is not conducive to the creation, maintenance or fostering of an academic atmosphere. Included in these definitions, but by no means limiting the definitions, is excessive truancy from school by any student.

In order to fully address these issues, the Southwest Local School District's Board of Education hereby appoints the Southwest Local administrators to formulate and establish strategies to curb the prohibited behavior on the part of the students. These strategies should specifically address the prevention of the types of prohibited behavior as well as a program of intervention on the part of the district personnel to prevent further prohibited acts.

MEDICAL CONCERNS

ALLERGIES (Bee Stings, etc.)

If your child has an allergy or any physical condition that we should be aware of, please make note of this on the student enrollment card and, if necessary, discuss it with the school nurse.

IMMUNIZATIONS AND PHYSICAL EXAMINATIONS

Physical and dental examinations are required for all students entering school for the first time. Immunizations, according to State Law and the County Health Department, are required before a student enrolls in the Southwest Local School District. If you have any questions concerning these matters, please contact the school nurse at 367-4161.

MEDICATION/HEALTH

If you have to send medicine for your child to take at school, we may administer this medication for the first day only as long as we have a note from you telling us what time and how much. The medicine MUST be marked with the student's name and MUST be in the original container. This applies to non-prescription drugs also. If medication is to be administered on a second day or more, then a PERMISSION TO ADMINISTER MEDICATION FORM must be completed and on file in the office.

Students who become ill or injured will be permitted to go to the clinic where the nurse or other school personnel will determine what action to take, i.e., take the child's temperature, permit him to rest awhile or contact the parent.

RECORDS

ACCESS TO RECORDS - PARENT/GUARDIAN

A parent/guardian may inspect and review records concerning a student. Such inspection must take place only in the presence of a school official (principal/assistant principal) so that proper interpretation and security is provided for. A written release must be completed for this to occur.

ACCESS TO RECORDS - NON-CUSTODIAL PARENT

A non-custodial parent has the right to inspect and review records unless a court order or divorce decree states otherwise. Furthermore, non-custodial parents have the right to conference with the teacher unless a court order or divorce decree states to the contrary. The step-parent, however, may conference with the teacher only in the presence of the natural parent unless he/she has adopted the child or has power of attorney. It is imperative that the school have a copy of these documents so that these situations can be resolved.

ADULTS WHO ARE LEGAL CUSTODIANS, LEGAL GUARDIANS, ADOPTIVE PARENTS OR FOSTER PARENTS

For the protection of your child, copies of legal documents verifying any of the above must be maintained on file in the school office.

CONFIDENTIALITY - RECORDS

Cumulative records shall be directly accessible only to the professional staff, the student (18 years of age or older), and parents or legal guardian of a student under 18 years of age. Information is collected only in the course of a professional relationship with a student and in compliance with state and federal law. Records are secured under the supervision of the principal.

EMERGENCY MEDICAL FORMS

Emergency medical forms are completed online on Final Forms. These forms are extremely IMPORTANT. In the event of an emergency, this is the only means available to us to contact you.

TRANSFER OF STUDENTS

When a student is going to be attending a different school, please come to the office to withdraw the child, return books and expedite transfer of records.

SAFETY

CAR RIDERS

If your child is transported to or from school by car, they should be dropped off in the designated area. Visitors coming into the building must park in a designated parking space, not in the drop off area. The back of the building is used exclusively by the school buses. No car, bike or foot traffic is permitted there before or after school.

EMERGENCY EVACUATION

In the event of an emergency evacuation of the Harrison Elementary premises during the school day, parents will be notified with steps to reunite with their children through school messenger. Please make sure Final Forms are constantly updated and reviewed.

EMERGENCY PROCEDURES

A Harrison Elementary Emergency Procedures Plan has been developed for the purpose of establishing safety procedures in the event of a building emergency. This plan is available for inspection in the school office during regular business hours.

FIRE/TORNADO DRILLS

Once per month a drill is held for students to practice what to do in case of a fire. Tornado drills must be held during the months of April, May and June. During a tornado **warning** (a tornado has been sighted) students will be in their shelter area and will not be dismissed without the permission of the principal or his designee. This is the case in the event of any emergency that would threaten the safety of students.

SAFETY PATROL

The Southwest Local School District provides a crossing guard at the intersections of Broadway and Washington and Harrison Avenue and Washington. They are positioned at these intersections to assist the students crossing the streets.

SUPERVISION

ARRIVAL TIME

Arrival/starting time - car riders and walkers are to arrive at school no earlier than **8:40 A.M.**

DISMISSAL TIME

School is dismissed at 3:40 P.M. Students who walk are to go directly home after school. Parents, brothers, sisters, etc., who are picking up students are to wait outside of the building. No one is permitted to pick up students at the classrooms.

EARLY DISMISSAL

In the event school would be dismissed earlier than usual (inclement weather, etc.), please have alternative plans made (sitter arrangements, etc.) so that your child knows where he/she is supposed to go for proper supervision.

EXTRA-CURRICULAR ACTIVITIES

Parents are responsible for picking children up promptly from extracurricular activities (Just Say No, District Band, Hoop Troop, etc.). At the discretion of the activity advisor and/or principal/assistant principal, those students who are repeatedly picked up late may be dismissed from the respective program.

SUPERVISION TO AND FROM SCHOOL

Generally, the parent - not the school - is responsible for supervision of their child on the way to and from school. However, the school may become involved in incidents during these times if they prove to relate to and affect the efficiency with which the school is operated.

SOCIAL MEDIA, NEWSPAPERS, & PHOTOS

Periodically, press releases to local newspapers and social media are made highlighting various activities, programs, or personnel. In some instances, names and/or photographs of students are used in the articles. If you wish that your child's name or photograph, **not** be used, please indicate this on the form online in Final Forms.

eReaders (Kindles, Nooks, etc.)

We understand the importance of reading and the many ways in which today's students can choose to read. While the school maintains a no electronic device policy, the use of Kindles, Nooks and other eReading devices is supported under the following guidelines:

- Use of wireless internet connections and/or 3G network will result in violation of the SLSD Technology usage.
- All materials on the device must be appropriate for school use.
- Use of eReading devices is a privilege, not a right
- eReading devices are used in such a way as to support classroom education, not hinder it.
- The use of eReading devices is optional and will not be a required tool for school.
- The school or SLSD holds no liability for damage, loss, theft, etc. for these items. Items brought to school are the sole responsibility of the students who choose to bring them.

Family Education Rights and Privacy Act (FERPA)
Statute: 20 U.S.C 1232g. Regulations: 34 CFR Part 99

Southwest Local Schools

The Family Educational Rights and Privacy Act (FERPA) afford parents and students over 18 years of age (“eligible students”) certain rights with respect to the student’s education records. These rights are:

- 1) The right to inspect and review the student’s education records within 45 days of the day the school receives a request for access. Parents or eligible students should submit to the school principal or appropriate school official a written request that identifies the record(s) they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
- 2) The right to request the amendment of the student’s education records that the parent or eligible student believes is inaccurate, misleading or otherwise in violation of the student’s privacy rights under FERPA. Parents or eligible student who wish to ask the school to amend a record should write the school principal or appropriate school official, clearly identify the part of the record they want changes and specify why it should be changed. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible students of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible students when notified of the right to a hearing.
- 3) The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school as an administrator, supervisor, instruction or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the school has contracted as its agent to provide a service instead of using its own employees or officials (such as an attorney, auditor, medical consultant or therapist); or a parent or student serving on an official committee, such as disciplinary, or grievance committee or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the school discloses educational records without consent to officials of another school district in which a student seeks or intends to enroll.
- 4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by Southwest Local Schools to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Use of Cellphones and Electronic Communications Devices by Students

Ohio's Cellphones in Schools Model
Policy

To support school environments in which students can fully engage with their classmates, their teachers, and instruction, the Board has determined the use of cellphones by students during school hours should be limited.

The objective of this policy is to strengthen the District's focus on learning, in alignment with our mission to ignite students' passion for learning, cultivate a strong foundation of knowledge, and foster a sense of community within our schools.

Research

Research shows that student use of cellphones in schools has negative effects on student performance and mental health. Cellphones distract students from classroom instruction, resulting in smaller learning gains and lower test scores. Increased cellphone use has led to higher levels of depression, anxiety, and other mental health disorders in children.

Applicability

This policy applies to the use of cellphones by students while on school property during school hours.

Use of Cellphones

Students are prohibited from using cellphones at all times.

Exception

Nothing in this policy prohibits a student from using a cellphone for a purpose documented in the student's individualized education program developed under Chapter 3323 of the Ohio Revised Code or a plan developed under section 504 of the "Rehabilitation Act of 1973," 29 U.S.C. 794.

A student may use a cellphone to monitor or address a health concern.

Cellphone Storage

Students shall keep their cellphones in a secure place, such as the student's locker, a closed backpack, or a storage device provided by the district, at all times when cellphone use is prohibited.

Discipline

If a student violates this policy, a teacher or administrator shall take the following progressively serious disciplinary measures:

1st Offense: Give the student a verbal warning and place the student's cellphone in the school's central office for the remainder of the school day.

2nd Offense: Assign first level of progressive discipline. Place the student's cellphone in the school's central office to be picked up by the student's parent or guardian.

3rd Offense: Assign second level of progressive discipline. Place the student's cellphone in the school's central office to be picked up by the student's parent or guardian.

4th Offense: Assign third level of progressive discipline. Place the student's cellphone in the school's central office to be picked up by the student's parent or guardian.

Additional offenses will result in further progressive discipline and a behavior plan conference with the student and the student's family.
