- **That is a capital letter o in the link above not a number 0.**

Please read the entire page and review the deposit information. We recommend you add the Trip Protection to your package. This will guarantee you can receive a full refund up until the morning of departure should anything change that requires you to remove your child from the trip.

Choose a Package: You will select the student package, you can pay the first non refundable deposit or pay the entire trip amount during the initial payment. If you would like to add the Trip Protection then just select the box to add it to Your Booking.

Add Participant Info: Fill out all of the fields requesting passenger information. Check the box to make an account to easily make future payments. Provide an email that you have access to and save your password!

Complete Payment: There are two payment options, US Checking Account "E-Check" and Credit/Debit Card. The "E Check" option is the most cost efficient and there are no processing fees to credit card companies. If you chose the "E Check" you will save 2.9% at checkout. All payments that are collected are secure payments.

Once you make your initial payment then you will receive an email receipt confirming your payment. You will receive a reminder email before your next payments 7 days prior, 3 days prior and the day the payment is due.
