* Includes carry overs from previous week. The # of Positive cases = isolated for 10 days; close contacts / quarantine = 7, 10, or 14 days. The Hamilton County Department of Health quarantines students per ORC 3707.11. SLSD assists with contact tracing on a case-by-case basis. Per HCHD - when students are masked up / or vaccinated, they are NOT subject to quarantine. Close contacts also have the option to mask up for 14 days post contact with a positive case and if they test negative & remain symptom free, can stay in school during the 14-day duration. "Test & Stay" and "Test & Play" are both in place currently.

*New STAFF cases for Nov. 29 – Dec. 5: 2 (1 HE, 1 MWE)
 *New STUDENT cases for Nov. 29 – Dec. 5: 16 (4 HS, 3 JS, 7 HE, 1 MWE, 1 CR)

Important: When we see significant numbers of students and / or staff out due to COVID, we will shift to either universal masking or remote instruction. Like last year, we will do this by grade, then building to start. It is important that families are prepared for either scenario.

*Also of note, this time of year, if your child is ill, please err on the side of caution and keep them home. There are other contagious illnesses that are not COVID that are making their rounds currently.
